Septic Re-Inspection Program

In 2017, the Township of Algonquin Highlands retained the services of **WSP Canada Inc.** to complete a septic re-inspection program. This initiative is part of the Township's commitment to ensuring lake and watershed health for generations to come. The program will identify systems that are at risk of causing damage to the environment and lakes, and to verify compliance of systems with section 8.9 of the Ontario Building Code. The program will take approximately 5 years to complete the inspection of 4,500 systems.

When? Inspections will begin in the summer of 2018 in the eastern portion of Stanhope. 2019 will see the inspections move to the westerly portion of Stanhope. In 2020 areas of Sherborne and McClintock will be scheduled. Finally, in 2021, the remaining areas of the Township will be completed.

How? WSP will be sending a notice to property owners to advise and arrange a date and time for the inspection to be completed. Please wait for your letter, it will give you all the information you need to know to schedule your inspection.

How much? Property owners will be invoiced directly by the Township following the report. The cost for the inspection will be \$179.11. If you are not prepared for your inspection, you will be required to pay this fee again for each subsequent visit to your property.

What? All classes of systems (1 through 5) will be inspected. Some common items inspectors suggest you address before your inspection:

- If you have an outhouse (Class 1 system), ensure it is protected from vermin entry.
- Class 5 systems (holding tanks) need to have a high level alarm and haulage agreement in place.
- Class 4 (Septic Tanks) need to be accessible, with lids uncovered, at the time of inspection.

Upon completion of the inspection, the property owner or agent will be provided with a written report stating the condition of the septic system. Should there be an issue with the system the property owner will be required to provide the necessary information/repairs to bring the septic system into compliance.

Inspection F.A.Qs

Do I have to be onsite for the inspection? Yes. If you can't be present, you must appoint a representative, over the age of 18, to attend in your absence.

What if my property is water access only or has other access challenges? A boat and ATV are available, if needed, to get inspectors to your property. Be sure to let WSP know your property has access challenges as soon as possible. WSP will work to schedule properties on the same lake during similar time periods.

Should I get my tank pumped? Not necessarily. If you need to get it pumped, no problem, but don't go ahead and pump it right before the inspection. Ideally, no sooner than a month before your inspection. Inspectors want to see how tanks are performing, and to do this, tanks need to have sewage in them.

Do I need an inspection? Most likely YES. Only if your system is less than five years old, or a qualified inspection has been completed in the last five years, can you apply for an exemption.

Who will complete the inspection? A WSP Inspector will complete the inspection. They are trained professionals.

Important Tax Information

- Tax bills are mailed twice a year in February and June, with two installments on each bill.
- Payments can be made by cheque, cash, debit, telephone/internet banking or by a pre-authorized payment on due dates. A drop box is available at both the main and satellite office.
- Applications for our Pre-Authorized Payment Plan are available on our website or at the Municipal office for properties that are NOT in arrears.

- Please ensure payments are received by the Township on or before the stated due dates to avoid penalty. The Township is not responsible for delays in payment caused by your bank or Canada Post.
- Penalty/Interest of 1 ¼% is added at the beginning of each month on past due amounts.

Please don't forget to let us know when you have moved. It is the responsibility of the ratepayer to ensure the township has an accurate, up-to-date mailing address. Visit our website algonquinhighlands.ca for a "Change of Address" form.

- If your home is newly constructed or if any new construction, renovation or alteration has occurred on property that you own, your property may not be fully assessed. A "Supplementary Tax Notice" is issued once the additional assessed value of your property has been determined by MPAC. This is in addition to the other tax bills received during the year.
- Questions about your assessment? Please direct your call to the Municipal Property Assessment Corporation (MPAC) at 1-866-296-6722 or visit www.mpac.ca.

winter road safety

Snow on roadways: Under the Ontario Highway Traffic Act, it is illegal to shovel, blow or plow snow out onto a roadway. Use caution when clearing driveways, always be aware of traffic around you.

Winter parking: The *Highway Traffic Act R.S.O. 1990, c. H.8, s. 170(12)* states: "No person shall park or stand a vehicle on a highway in such a manner as to interfere with the movement of traffic or the clearing of snow from the highway." **Any vehicle found in violation shall be towed at the owner's expense.**

Road Closures are posted on the Township website and through the County road closure app.

- Remove snow from around your mail box to keep it safe - snow build up can put pressure on the post and cause it to break.
- Seasonal residents are encouraged to remove their boxes in winter

WHAT'S UP WITH WASTE?

Show your landfill user ID card every time!

Lime green cards were distributed with tax bills in 2017 and are valid until April 30, 2019. Expect to be asked for your card every visit.

No copies, photos or reproductions of ID cards are accepted. Be sure guests, renters & family have access to a card or get them a Cottage Kit landfill pass—\$3 each or 10/\$25. Replacement ID cards can be requested at Township offices. Cottage kits are available at Township offices & landfill sites.

Waste disposal fees changed January 1, 2018

Be prepared with a few extra dollars cash. Exact change is always appreciated!
NEW minimum \$10 charge for Construction & Demolition materials

Incandescent light bulbs don't require special handling - *sorry bulb, you are Garbage bound!* (LED bulbs & regular flood lights also go in Garbage) Many other bulbs do need special care, please ask your friendly landfill attendant where to place them.
